

Rapid Transfers

1. Log in to your digital banking account with First State Bank.
2. From the Dashboard menu, choose **Transfers** or the **Transfer** button.

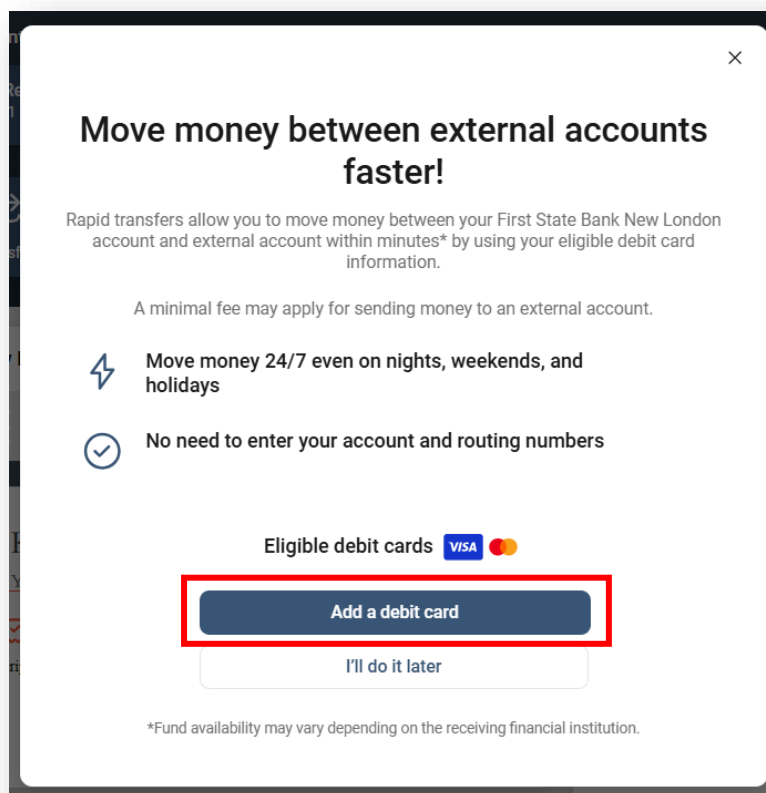

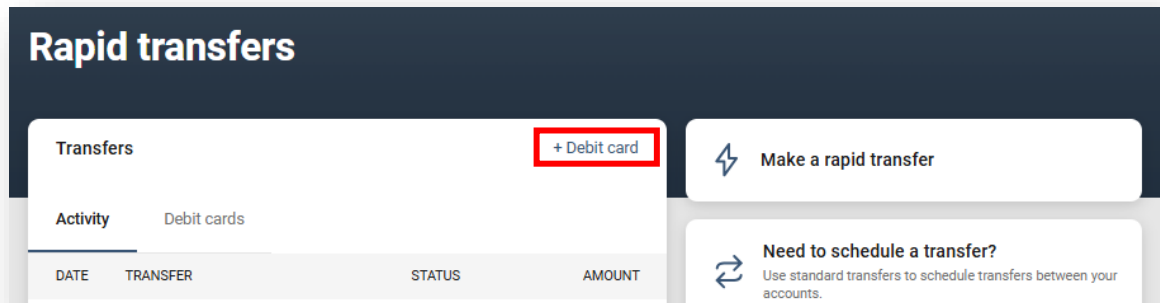

3. Select the **Rapid Transfer** option.

4. Select the **+ Debit card** link or the **Add a debit card** button, then enter your external debit card from another financial institution. More than one external debit card can be added.

5. Provide this information from your external debit card, then select the **Submit** button.

- Card number
- Expiration date
- CVV or 3-digit security code on the back of your debit card

A screenshot of a mobile application interface for adding a debit card. The screen has a dark blue header with a back arrow on the left and the title "Add a debit card" in the center. Below the header, the text "Add a card to make external transfers" is displayed. A paragraph of instructional text follows: "Use a debit card from another institution to transfer money between your First State Bank New London and external account within minutes*. For internal transfers, use Standard transfers." There are three input fields: "Card number", "Expiration date: (MM/YY)", and "CVV". Below the CVV field, the text "3-digit security code" is shown. At the bottom center is a blue "Submit" button. A footnote at the very bottom states: "* Fund availability may vary depending on the receiving financial institution."
